

NURSING AND HEALTH (NRHL)

NRHL 2250 Statistics. (Formerly 250) Basic course in statistical techniques which includes measures of central tendency, probability, sampling, estimation and hypothesis testing. For nursing majors. 3 semester credit hour/s.

Campus: LISLE

NRHL 3315 Perspectives of Professional Nursing Practice. (Formerly 315) Explores the conceptual foundations of baccalaureate nursing practice including historical and societal influences, professional identity and accountability, critical inquiry, nursing theory, evidence-based practice, and quality and safety within the context of national policy documents and professional standards of care. Coursework is designed to assess, develop, and advance scholarly writing. Prerequisite: Eligibility for enrollment into RN to BSN NRHL Cohort Course Sequence. 4 semester credit hour/s.

Designation: Writing Intensive

Campus: LISLE

NRHL 3324 Professional Practice in Person Centered Care. Promotes advocacy for nursing's professional responsibility to provide equitable care to all persons. Students will develop their role in advancing social justice issues and supporting inclusion of diverse persons in practice. Includes clinical experiential activities. Prerequisite: Admission to the BSN program. 3 semester credit hour/s.

Campus: LISLE (Typically Offered: Periodically)

NRHL 3326 Theoretical Foundations for Professional Nursing Practice. Recognizes nursing as a scientific discipline that incorporates arts and humanities into professional practice. Students will integrate multiple perspectives into nursing practice. Runs concurrently with NRHL 3328. Prerequisite: Admission to the BSN program. 3 semester credit hour/s.

Campus: LISLE (Typically Offered: Periodically)

NRHL 3328 Professionalism in Nursing. Create a professional nursing identity that incorporates core nursing values. Students will identify the need for ethical comportment, and accountability to laws, policies, and regulations. Runs concurrently with NRHL 3326. Prerequisite: Admission to the BSN program. 3 semester credit hour/s.

Campus: LISLE (Typically Offered: Periodically)

NRHL 3330 Nursing Scholarship: Role of Research in Evidence Based Practice. (Formerly 330) Explores the research process as it applies to evidence-based nursing practice and health care. Topics include ethics in research; steps in appraisal of evidence; design, sampling, data collection, data quality, and analysis; and interpretation of quantitative and qualitative research. Emphasis is placed on analysis and critique of research studies and the preparation of a proposal. Prerequisite: NRHL 3315. 3 semester credit hour/s.

Campus: LISLE

NRHL 3335 Concepts in Collaborative Health Promotion and Disease Prevention for the Older Adult. (Formerly 335) Focuses on an interdisciplinary comprehensive approach to understanding the aging process and promoting optimal health and independence of older adults. Contemporary issues facing the elderly including safety, abuse, polypharmacy, housing, loss, need for support services, end-of-life care, and the impact of health care policy and legislation as they relate to the elderly are explored. Includes clinical learning experiences with an elder and elder-serving agency selected by the student. Prerequisite: NRHL 3315. 3 semester credit hour/s.

Designation: Engaged Learning

Campus: LISLE

NRHL 3340 Comprehensive Health and Physical Assessment. (Formerly 340) Designed for the registered nurse, this course provides the framework for the RN to expand existing skills. The course focuses on the physical, psychosocial, sociocultural, environmental, and developmental elements of comprehensive assessment and on principles of health promotion and disease prevention. Includes a clinical learning experience, which focuses on the practice and validation of interviewing and physical assessment skills. At the end of the course, students will be expected to perform a comprehensive physical exam and effectively communicate findings. A student selected holistic health assessment experience is also included. Prerequisite: NRHL 3315. 3 semester credit hour/s.

Designation: Engaged Learning

Campus: LISLE

NRHL 3345 Applications of Pathophysiology and Pharmacotherapeutics to Clinical Reasoning. (Formerly 345) Designed for the registered nurse to build upon existing knowledge and experience, this course provides an analysis of physiology and pathophysiological concepts related to complex, multisystem health alterations across the lifespan. Emphasis is placed on enhancement of critical thinking skills. Clinical application emphasizes the relationship of assessment findings to diagnosis, safe selection, and administration of pharmacotherapeutic agents; and assessment of outcomes using an evidence-based approach. This course also includes a clinical learning experience that is based on case study analyses of patients with multiple chronic diseases and complex pharmacotherapeutic management in various settings. Prerequisite: NRHL 3315. 3 semester credit hour/s.

Designation: Engaged Learning

Campus: LISLE

NRHL 3348 Nursing Research and Scholarship. Engage students in the collection, translation, and dissemination of evidence to improve patient outcomes. Students will generate questions, examine, and synthesize evidence to support practice changes, and promote ethical conduct in scholarly endeavors. This course includes clinical experiential activities. Prerequisite: Admission to the BSN program. 4 semester credit hour/s.

Campus: LISLE (Typically Offered: Periodically)

NRHL 4300 Professional Collaboration for Safe and Quality Care. Collaborates with interprofessional disciplines to examine safe and quality care within the organization. Students will evaluate and recommend changes to policy to improve quality and safety outcomes. This course includes clinical experiential activities. Prerequisite: Admission to the BSN program. 4 semester credit hour/s.

Designation: Engaged Learning

Campus: LISLE (Typically Offered: Periodically)

NRHL 4360 Personal and Professional Nursing Leadership

Development. Develops a professional demeanor open to professional development and self-care. Students will reflect upon professional growth and maturity, and capacity for leadership roles. This course includes clinical experiential activities. Runs concurrent with NRHL 4364. Prerequisite: Admission to the BSN program. 3 semester credit hour/s.

Designation: Writing Intensive

Campus: LISLE (Typically Offered: Periodically)

NRHL 4364 Nursing's Role in Systems Based Practice. Describes the continuous evolution of healthcare systems and changes necessary to meet local, national, and global healthcare needs. Students will examine organizational structure and cost and reimbursement issues to serve as advocates for the needs of diverse populations. This course includes clinical experiential activities. Runs concurrent with NRHL 4360. Prerequisite: Admission to the BSN program. 3 semester credit hour/s.

Campus: LISLE (Typically Offered: Periodically)

NRHL 4365 Health Promotion for Families, Communities, and

Populations. (Formerly 365) Explores the concept of patient-centered health care promotion from the perspective of the individual, family, and community within a global context. Provides an in-depth review of approaches to health promotion as well as effective collaboration among members of the health care community. Focuses on potential barriers that place individuals, families, and vulnerable populations at risk for major health problems. Students explore the problems and issues in using behavioral and social science theories, concepts, and data to inform health promotion and health education research and interventions. Prerequisite: NRHL 3330, NRHL 3335, NRHL 3340 and NRHL 3345. Completion of this course; in addition to NRHL 4392 with a grade of "B" or better is required to waive enrollment in NRHL 5501 for students admitted into the Benedictine University MSN Program. Meets requirement for IDS 3300 level seminar. 3 semester credit hour/s.

Designation: Global

Campus: LISLE

NRHL 4366 Professional Practice in Health Promotion. (Formerly 366) Emphasis is based on community as a partner, through community assessment, evolving cultural competency, enhanced understanding of health disparities, and use of community resources and evidence based practice to promote and maintain optimal health. This course includes 35 hours of clinical practice experiences in the community. Prerequisite or co-requisite: NRHL 4365. 3 semester credit hour/s.

Designation: Engaged Learning

Campus: LISLE

NRHL 4375 Healthcare Policy, Regulation and Advocacy. (Formerly 375)

Provides an overview of health care policy, organization, and financing with emphasis on industry trends. Current policy initiatives involving health care delivery as well as the role of the nurse leader and other stakeholders in shaping legislative change are analyzed. The impact of information and patient care technology and its effects on healthcare will be evaluated. Students will explore and define the role of the professional nurse in influencing and advocating for continuous quality improvement in healthcare delivery and healthcare policy formation. Prerequisite: NRHL 3330, 3335, 3340 and 3345. Completion of this course with a grade of "B" or better is required to waive enrollment in NRHL 5505 for students admitted into the Benedictine University MSN Program. 3 semester credit hour/s.

Campus: LISLE

NRHL 4392 Nurse Leadership and Interprofessional

Collaboration. (Formerly 392) Provides the registered nurse with the opportunity to synthesize theory and concepts required to advance leadership and collaboration skills. A systems approach to deliver nursing care, manage and lead change, ensure quality and safety, and facilitate health promotion will be explored. Focus is placed on developing appreciation for the diversity of expertise in interprofessional collaborative teams as well as establishing basic concepts of effective teamwork. Prerequisite: IDS 2201-2204, IDS 3301-3304, NRHL 4365, 4366 and 4375. Completion of this course; in addition to NRHL 4365 with a grade of "B" or better is required to waive enrollment in NRHL 5501 for students admitted into the Benedictine University MSN Program. 3 semester credit hour/s.

Campus: LISLE

NRHL 4394 Professional Practice in Leadership and Interprofessional

Collaboration. (Formerly 394) Emphasis is placed on development of creative and innovative strategies and education to promote healthcare system change. Students demonstrate application of leadership skills and interprofessional collaboration through the completion of an immersion experience. This course includes 35 hours of clinical practice experience in a nursing leadership role. Prerequisite or co-requisite: NRHL 4392. 3 semester credit hour/s.

Designation: Engaged Learning

Campus: LISLE

NRHL 4395 Nursing Elective. (Formerly 395) Guides and recognizes study in theoretical or clinical aspects of nursing for independent study or work/life credit. Prerequisite: NRHL 3330 for independent study credit. Admission into the RN to BSN program for work/life credit. 1-3 semester credit hour/s. Course Repeatable. Maximum number of units allowed: 3. Department Consent Required.

Campus: LISLE

NRHL 4500 Informatics for Professional Nursing Practice. Applies best practices to utilize information and communication technologies to support care to patients, communities, and populations. Students will evaluate optimal communication and technologies to address needs and identify gaps. This course includes clinical experiential activities. Students who receive a grade of B or better can receive credit for NRHL 5704 in the MSN program. Prerequisite: NRHL 3324, NRHL 3326, NRHL 3328, NRHL 3348, NRHL 4300, NRHL 4360 and NRHL 4364. 4 semester credit hour/s.

Campus: LISLE (Typically Offered: Periodically)

NRHL 4502 Nursing's Role in Population Health.

Identifies population healthcare needs regionally and globally. Students will identify partnerships to advance equitable care to improve population health. Students will contribute to policy development and evaluation for disasters and public health emergencies. This course includes clinical experiential activities. Students who receive a grade of B or better can receive credit for NRHL 5724 in the MSN program. Prerequisite: NRHL 3324, NRHL 3326, NRHL 3328, NRHL 3348, NRHL 4300, NRHL 4360 and NRHL 4364. 4 semester credit hour/s.

Campus: LISLE (Typically Offered: Periodically)
