¹ Heritage speakers should not take SPAN 2212 Intermediate Oral Communications but seek departmental advice and approval for an alternative course above SPAN 2212 Intermediate Oral Communications.

Students majoring in Spanish with Medical Spanish Concentration are required to participate in a study abroad experience in a Spanish-speaking country and are strongly encouraged to participate in an internship or service-learning opportunity either as part of their study abroad experience (SPAN 4397 Advanced Internship) and/or in the United States (SPAN 3297 Intermediate Internship). In some extraordinary circumstances, a waiver of the study abroad requirement may be requested from the chair of the Department of Languages and Literature. In place of studying abroad, students who are granted a waiver may be required to participate in an internship (earning a minimum of 3 semester credit hours) with a service agency, educational institution or company where Spanish is used extensively.

To earn a Bachelor of Arts in Spanish with a Medical Spanish concentration, students must demonstrate Intermediate-High level proficiency or higher in spoken Spanish according to the 2012 ACTFL proficiency guidelines. Students should arrange to take the oral proficiency exam during the semester **prior** to the semester in which they plan to graduate. This ACTFL oral proficiency exam is administered

online for a modest fee. After taking the test, students receive a nationally-recognized certificate of their oral Spanish proficiency from ACTFL. For information on the ACTFL online test, contact Dr. Tony Cella, acella@ben.edu. The ACTFL oral proficiency interview may be repeated for an additional fee until the required level of proficiency is demonstrated.
